

Dear Parents/Carers,

We are planning to run a new After-School game design workshop for pupils in Years 3 to 6.

At the club, children will design and build their own interactive game

Animate characters using block-based coding

Develop logical thinking and digital creativity

Create their own animations, and interactive stories using Scratch — a fun and accessible coding platform designed for primary-aged pupils.

No prior experience is needed, just creativity and imagination!

When: Date to be confirmed - 3:30pm - 4:30pm

Cost: £36 for a 6-week introductory course

Led by: Peter Atkinson, a professional animator and experienced primary school teacher with over 20 years of teaching and workshop delivery experience.

If you would be interested in your child taking part, please return the slip below. Places are limited and will be allocated on a first-come, first-served basis.

I would like to register my child's interest in the Scratch Coding and Animation Club.

Child's Name: _____

Class: _____

Signature: _____ **Date:** _____
